The Comtee in the case that came from Smithfield Monthly meeting respecting Olive Rogers make the following report, viz,

We your Comtee appointed in ~~the~~ consequence of the information that came from Smithfield monthly meeting respecting Olive Rogers, inform that we have paid attention to our appointment, and on enquiring into the matter, it appears that Olive's intention ~~to~~ when she removed from Providence Monthly was to settle within the limits of Smithfield Monthly Meeting, and she has accordingly lived there most of the time since excepting one or two short intervals, for which reason the Certificate has sent to our Meeting with an expectation for us to forward to Smithfield which being done it appears that Smithfield was unwilling ~~the~~ to receive the same but on condition if she became necessitous Uxbridge should be at the expense of her maintenance and some time after the certificate was returned to our Meeting. and as we do not find that the condition on which Smithfield would accept the same has any foundation in discipline and the length of time she has lived in the compass of that Meeting and the short time with us we do not see but that she of right aught to be maintained at the expense of Smithfield Monthly Meeting, yet as the matter respecting her certificate has heretofore been agitated between the Monthly Meetings untill it had become burthensome to some minds, and particularly trying to Olive, and that no disunity might take place we would propose whether it might not be best to submit the matter to the judgement of some impartial friends, if Smithfield should desire it after understanding our view of the matter.
